Puidukoda is an innovative planing mill in South Estonia.

With more than 25 years in business, we have built up a wealth of experience and knowledge that enables us to consistently deliver innovative products and the best possible service to our customers around the world. Our employees are professionals who value the company, and the company values them.

A successful working process requires mutual understanding and trust between actors. Focused on long-term partnership, it is important to us to deliver on our promises and provide the best quality in both product and service.

We are passionate about adding value to materials – wood processing and paint finishing are our biggest strengths and we want to be a leader in this field, today and in the future.

An important goal is to create attractive homes and buildings that are sustainable and have the smallest ecological footprint possible.

We create a better living environment!

LENGTH	4,5 m	
PACKAGING	Mini bundles 8 pcs	

Nordic hues inspired by nature

Stockholm White (NCS S 0502-Y)

Echoing the soft glow of Scandinavian dawn, Stockholm White bathes interiors in a gentle, luminous embrace. Named after the purity of light found in the heart of Sweden's capital, this hue carries a subtle infusion of warmth, reminiscent of sunlit mornings dancing through pristine snow-covered streets. Its delicate yellow undertones exude a sense of inviting comfort, enveloping spaces with a tranquil aura. Stockholm White is not just a color; it's a serene invitation to embrace the simplicity and elegance of Nordic design, bringing a breath of fresh, light-filled air into any interior.

Fossil Grey (NCS S 2502-Y)

Inspired by the weathered elegance of Nordic landscapes, Fossil Grey captures the timeless beauty of natural stone and driftwood. Its soft, muted hue evokes the serene atmosphere of misty mornings and rocky shores, infusing spaces with a sense of quiet sophistication. With delicate hints of warmth woven into its cool undertones, Fossil Grey radiates a subtle charm, effortlessly complementing both modern and traditional interiors. Like a whisper of history preserved in stone, this color adds depth and character to any space, creating a harmonious balance between light and shadow.

Moss Grey (NCS S 3005-G50Y)

Drawing inspiration from the lush forests of the North, Moss Grey brings the soothing tranquility of nature indoors. Its rich, earthy hue captures the verdant beauty of moss-covered landscapes, infusing spaces with a sense of organic serenity. With a subtle blend of green and gray undertones, Moss Grey exudes a timeless elegance, evoking the quiet majesty of ancient woodlands. Like a breath of fresh forest air, this color enlivens interiors with its natural warmth and depth, creating a welcoming retreat from the hustle and bustle of everyday life.

Duck Egg Blue (NCS S 1510-B80G)

Evoking the crisp, clear skies of Nordic summers, Duck Egg Blue envelops interiors in a tranquil embrace. Its delicate hue, reminiscent of a pale morning sky reflected on calm waters, infuses spaces with a sense of airy serenity. With subtle undertones of blue and green, this color exudes a refreshing vitality, bringing a touch of natural beauty indoors. Like a gentle breeze sweeping through an open window, Duck Egg Blue adds a sense of lightness and grace to any space, creating a peaceful sanctuary where time seems to stand still.

Elegant Charcoal (NCS S 6502-B)

Inspired by the rugged beauty of Nordic landscapes, Elegant Charcoal captures the timeless allure of dark, weathered wood. Its deep, velvety hue exudes a sense of understated luxury, infusing spaces with a dramatic elegance. Like a flickering flame in the heart of winter, Elegant Charcoal adds warmth and depth to any interior, creating a cocoon of comfort and refinement amidst the chill of the Nordic landscape.
